Top 10 Revenue-Generating Routes ($M)

Key Insights

- Revenue held steady: $87.85M (2022), $86.96M (2023), $87.72M (2024)
- Dedicated bookings brought in $130.24M, about 49.6% of total revenue
- Top route: Philadelphia → Seattle at $10.07M

Executive summary: Revenue stayed stable across 2022–2024, with dedicated bookings contributing nearly half of the total. Heavy reliance on a handful of major routes suggests management should keep a close eye on these high-value lanes and protect their commercial performance.
